

The WestArm Lodge
and Restaurant

Black Bear Hunt Information

- Location:** Western end of Lake Nipissing, hunting the Sudbury District, WMU 42, which is one of Ontario's prime Black Bear hunting area.
- Seasons:** May 1st to mid June 2020 and Mid of August until end of October 2020.
- Duration:** 7 days hunt, usually arrival Saturday afternoon, departure the following Saturday morning. Sunday hunting is permitted.
- Hunts:** Hunting over baited locations which are reachable with your own vehicle. These locations are from five to forty kilometers from the Lodge via forest access roads.
- Guiding:** We work together with a very experienced guide, a skilled black bear hunter himself. He has been born and raised in the area and is familiar with every inch of our Bear Management Area of 340 km².
- ATV's:** Most of our baited sites are accessible by a normal 4WD truck or car or can be reached within a few minutes walking distance from the parking point. However ATVs would ease their accessibility.
- Fishing:** As prime hunting times for black bear are early morning and late afternoon through early evening, one of our 16' Lowe Boats with 15hp Yamaha motor is included in your package. Fishing for Walleye, Northern Pike, Small & Largemouth Bass, Muskie and Pan fish is very satisfying in our lakes.
- Reservation:** We are looking forward to your booking by Webpage, e-mail or phone. With our confirmation you will get our terms and conditions or you may want to check them in advance on our website: www.thewestarm lodge.com.

Packages: Rate per person (minimum of 2): US\$ 1700.00/person including:

- accommodation in a 2-bedroom-cottage, 4 piece bathroom, large living room, kitchen, BBQ outside, all linens and towels, daily maid service
